# WARD RECYCLING Trade Waste

Whatever your waste management requirements, Ward Recycling can deliver the solutions to help you exceed your recycling targets and increase profitability.

Ward Recycling is the largest independent recycler in the East Midlands. We offer a comprehensive commercial and industrial waste collection service aimed at helping business' meet their duty of care responsibilities.

Our services are available both to private and public sectors. Waste management solutions can be tailored to offices, hotels, restaurants, public houses and we can offer bespoke solutions to all our customers' requirements.

Conveniently situated at two prime locations, we are able to offer our comprehensive collection and disposal services to the whole of the East Midlands. Containers for your waste remain on site and can be placed almost anywhere.

### Ward Recycling Benefits;

- Prompt and efficient collection service to suit your requirements
- Regular, scheduled collections
- Modern fleet of vehicles with helpful and courteous drivers
- Full Duty of Care documentation which complies with all current legislation
- Helpline support on all current legislation

We collect various waste types and in most cases are able to offer recycling alternatives by segregating waste instead of landfill. Ward Recycling can adapt the containers specifically to suit your requirements and provide support in minimising cost and increasing recycling efficiency in your business.

### What CAN go into a container:

- Office waste
- Commercial waste
- General household waste
- Manufacturing waste
- General garden waste

Should you need advice or guidance on any materials that you wish to dispose of, please contact Ward Recycling who can offer you their extensive knowledge and advice.

### What CAN'T go into a container:

- Heavy Construction Waste
- Fridges
- Tyres
- Batteries
- Fluorescent tubes
- Waste Electronic and Electrical Equipment
- Asbestos and Plasterboard

Please contact us if you have any of the above you need to dispose of and we will advise you of the alternative waste services that we offer and the correct procedures to comply with current legislation.

### REAR END LOADING (REL) SKIPS

\* When in position all skips must be left with ample space for removal, at least 1 metre at the rear and 0.5 metres around all subsequent sides (see diagram above).

With their generous capacity, a REL skip has the advantage of a durable steel lid enclosing your refuse and keeping your premises tidy.

We offer a variety of different capacities which provide ample space for commercial and industrial waste and are available for regular contract hire or on a one-off or short-term basis.

Capacity	Width	Length	Height
8 cu. yd (6.12 cu.m)	1.8m	1.41m	3.25m
10 cu. yd (7.65 cu.m)	1.81m	1.41m	3.84m
12 cu. yd (9.17 cu.m)	1.81m	1.77m	3.84m
14 cu. yd (10.7 cu.m)	1.81m	1.85m	4.15m
16 cu. yd (12.23 cu.m)	1.81m	1.85m	4.64m

### WHEELIE BINS

All our wheelie bins are British Standard EN840 Certified providing an affordable bin that will do its job day after day.

The ergonomic, robust design offers an environmentally friendly, frost resistant and long life service solution that can be tailored to suit your company's individual requirements, ensuring that your operational costs stay under control.

Capacity	Width	Depth	Height
660 litres	1.37m	0.78m	1.21m
1100 litres	1.37m	1.37m	1.35m

If you would like detailed instructions of how to get to either of our sites please call: 0115 930 5899 or visit [www.wardrecycling.com](http://www.wardrecycling.com)
